

## Go Underhill development moving ahead

Following the exciting news that our grant application to the Welsh Government Community Facilities Programme has been successful, and with the lease agreement with Mumbles Community Council signed, **Mumbles Community Association** is in the final stages of preparing to tender the construction work on the new changing rooms, the Community Hub & Café and the refurbishment of the Pavilion!

## Funding

We've achieved a lot in securing **over £1.6m in grants** so far, but there's still a way to go to see the full Phase 1 plans delivered. Not least, we are anticipating increases in the costs due to the impact on the construction industry of Brexit and COVID19. And we also want to fund a new All-Weather Pitch. Whilst we're still **exploring other options for grant funding**, we are also looking to **raise money** through donations from businesses and local people who will benefit from the new facilities and opportunities which **Go Underhill** will bring.

**And this is how the new Underhill Park facilities could look if we can get all of the funds needed to build the new All-Weather Pitch**

### **Give us your time and expertise**

**Mumbles Community Association** is a charity set up to transform Underhill Park and safeguard it for future generations, and our Trustees are all local people who are giving their time freely to make this happen.

We also have a **stakeholder group**, made up of individuals with an interest in our work and who can help us in some way with their knowledge, expertise, or time, and who have come forward to be involved.

And as we forge ahead, **we're keen to get more people involved** and helping us to deliver.

If you are willing to give time to **Go Underhill**, particularly if you have skills and can help us in any of the areas below, or you're involved with a local group interested in what is developing in Underhill Park, we'd love to hear from you.

- Fundraising – general & business
- Building & managing relationships
- Catering & events
- Grounds maintenance
- Health & Safety
- Policies and procedures
